NORTH-HOLLAND

Author Index—Volume 61

Alic, J.A., 303
Al-Jurf, S., 13
Alyan, N., 59
Ausubel, J.H., 209, 247, 273

Berry, B.J.L., 311
Bishop, P., 93

Coates, J.F., 83

du Preez, G.T., 215

Giovanis, A.N., 235
Glenn, J.C., 97
Goldenberg, J., 1
Gordon, T.J., 97
Goslin, L., 89
Goslin, L.N., 307

Harries, C., 75

Judge, A., 297
Jun, D.B., 45

Kathuria, V., 25

Mazursky, D., 1
Meyer, P.S., 209, 247, 273
Morgenstern, R.D., 13

Park, Y.S., 45
Pistorius, C.W.I., 215

Skiadas, C.H., 235
Solomon, S., 1

Yung, J.W., 247, 273

Book Review Index—Volume 61

Archibugi, D., and Michie, J., eds., *Technology, Globalisation and Economic Performance* (John A. Alic), 303

Archibugi, D., and Michie, J., eds., *Trade, Growth and Technical Change* (John A. Alic), 303

Barnett, V., *Kondratiev and the Dynamics of Economic Development. Long Cycles and Industrial Growth in Historical Context* (Brian J. L. Berry), 311

Lefebvre, L.A., Mason, R.M., and Khalil, T., eds., *Management of Technology: Sustainable Development and Eco-Efficiency* (Lew Goslin), 89

Linden, E., *Future in Plain Sight: Nine Clues to the Coming Instability* (Peter Bishop), 93

Nakićenović N., Grübler, A., and McDonald, A., eds. *Global Energy Perspectives* (Lew N. Goslin), 307

Technological Forecasting and Social Change 61, 315–318 (1999)

Subject Index—Volume 61

Capital investment, role of on change in wage share of skilled workers, 59
Carrying capacity, growth model allowing for increasing, 209
Computer software, *Loglet Lab*, 247, 273
Computer technologies, role of on change in wage share of skilled workers, 59
Computer upgrades, sales data used to verify choice-based diffusion model, 45
Conflict prevention (Perspective), 297
Consensus, importance of in futures planning (Perspective), 83
Consumer choice behavior, used to develop sales forecasting models, 45

Diffusion, of energy-saving technologies, value of information programs in accelerating, 13
Diffusion model
  choice-based, for multiple-generation products, 45
  stochastic logistic innovation, for electricity consumption, 235

Electricity
  data on consumption in Greece and United States used in diffusion model, 235
  high-efficiency lighting in commercial buildings, information programs accelerate diffusion, 13
Energy-saving technologies, value of information programs in accelerating, 13
England, population data used to verify growth model, 209
Externalities, role of in inducing technical change, 25

Forecasting, judgmental, report of symposium on, 75
Futures planning
  assessing technological threat and opportunity, 215
  global judgments about the state of the future: the Millennium Project, 97
  in Mauritius, Norway, and the Netherlands (Perspective), 83

Greece, electricity consumption in, 235
Growth model, with logistically increasing carrying capacity, 209

India, machine tool industry in, 25
Industrial revolutions, comparison of in England and Japan, 209
Information subsidies, as means of accelerating technology diffusion, 13
Innovation, altering intrinsic properties (templates) to achieve, 1
Innovation management, assessing technological threat and opportunity, 215

Japan, population data used to verify growth model, 209
Judgmental forecasting, report of symposium on, 75

Labor market, role of capital intensity and technology usage in upgrading skills, 59
Logistic growth and substitution models
  Loglet Lab software tutorial, 273
  mathematical background, 247
Loglet Lab software for logistic analysis
  mathematics behind, 247
  tutorial, 273

Machine tool industry, in India, 25
Manufacturing technology, advanced, role of on change in wage share of skilled workers, 59
Mauritius, planning national futures in (Perspective), 83
Millennium Project of the American Council for the United Nations University, 97

Netherlands, planning national futures in (Perspective), 83

Norway, planning national futures in (Perspective), 83

Original innovation, altering intrinsic properties (templates) to achieve, 1

Replacement-based ideas, templates, 1
Responsibility for territorial conflict (Perspective), 297

Stochastic logistic innovation diffusion model, applied to electricity consumption data, 235
Symposium report, "Judgmental Inputs to the Forecasting Process" (November 1998, London), 75

Technical change, determinants of in machine tool industry, 25
Technological threat and opportunity assessment, 215
Technology diffusion, value of information programs in accelerating, 13
Technology upgrades, choice-based diffusion model for, 45

United States
  electricity consumption in, 235
  increase in skilled labor market in, 59
